- When we learn about things that make a difference in my life and being in the presence of wisdom.
- Discussing how and when to make the right decisions, and also how important education was to us.

- I liked all of the sessions and the speeches they gave us because there is no other teacher in this building that would do that.

- That we spoke to one another like if we were brothers because we really are family and that this program can make any man a great man.

- I may not write this much about this one but there should really be a Powerhouse 2 so I can be in this class again because every young man needs this class to better themselves.

- I like the way y'all reward us for the good things we as a class because so many teachers just say good job. Y'all show us how it feels to get paid for your work. Also when we get paid for acting right. Also when y'all pay us to spell correct words. Also when we watch movies in a different perspective.

21. What did you like least about The Powerhouse?

- Watching Roots.
- The movies.
- When I'm not there.
- Reading. (2 responses)
- Students be talking back
- That, Dr. Wright barely came to see the Board members.
- That we didn't have enough time to do everything hopefully it will soon be a high school 102 Powerhouse class.
- The least I liked about this class is nothing because I needed to hear all this stuff they talked about. (5 responses)
- I didn't really like having the Spell-off because I couldn't focus on most of my other work.
- When we have to talk about our feelings to what we want from our dads and things like that.

23. Go The Extra Mile..... Tell us something else about this class that you would like for us or the administrators to know....

- I will miss this class
- They always kept it real.
- It taught me a lot about respect.
- This class is hard to get with
- This class is great, especially for the ones with no father.
- That I was honored to be back in the Community Powerhouse.
- I would like to say this the best class of them all and it helps you out with choices.
- I think this class should be for higher grades, so we can have the discussions us men need.
- I like that no other class teaches us these things that will be important in are life.
- Lancaster High School needs to make a second class of the Powerhouse.
- This is a great boardroom they needs to keep for a lot long because it keep student out of trouble.
- This class is a great class for a student that don't know nothing or failing their classes or drop out of school.

- I would love for the administrators to know that Rev, Dr. Wright, coach was good to us all year. They took the time out of their life every day to come teach, knowledge, demand us to make good choices, in our life. Some days I didn't want to listen but I didn't have no choice but to listen.

- This program would help many young men like us because it helps us know about life and the right way we should live it. It also instructs how important education is and where it will lead you. I think that this class/boardroom could help out a lot of teenagers.

- It's a great program and its great for kids and teens. Kids out here need to be in this to keep it real because some people "don't wanna hurt your feelings." So you can be real with yourself. Get you ready for the real world.

- To the administrators we are a diamond.

- I love the way that people are respected.
- Keep up with what y'all are doing.
- They need a Powerhouse in every school.

- Not getting paid enough money.
- It was my first class. (3 responses)
- I like everything about this class.
- I don't know. (2 responses)
- There is nothing bad about the Powerhouse. (3 responses)
